

# The standard of excellence in Practice Ammo.

## Jurras remanufactured

Even preferred by some of the experts in match competition over factory ammunition. A great confidence in remanufactured ammo.

But Jurras 148 grain Wadcutters offer more. The same quality engineering and research as the acclaimed Super Vel Police ammunition. Greater accuracy and efficiency in your police training program. Groups like new Wadcutters at 50 yards. And special Super Vel lubrication for minimum leading and minimum smoke interference.

Jurras remanufactured practice ammo-match grade quality and accuracy at economy prices.

Write Jurras Munitions for complete details and costs.

## Build Respect For LAW and ORDER At An Early Age!

The Impressionable Age (1st to 3rd grade)

PREVENT A LOT  
OF PROBLEMS LATER!!

## "Officer Bill"

The most important program in  
your community relations effort

"Officer Bill" . . . the Tested  
and Proven Police Program for  
lower elementary grades!

A complete program. Presented by  
your own officers in about 30 min.  
Pays off in respect and friendship!

Developed by Law Enforcement  
Officers. Approved by over 300  
Boards of Education.

Program includes: Large Visual Aid  
• Safety (coloring) Books • Lecture  
Script and Program Guide • Class-  
room Awards • Carrying Case.

"Officer Bill" is a nickname the children  
can call all of their Policeman friends!

Put this important program to  
work in your city schools NOW!

## THIS IS AN ANTENNA!

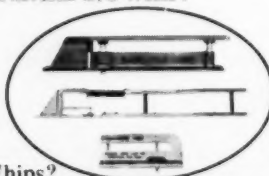

That's right! Concealed within this rugged rear view mirror is an omnidirectional Mobile antenna for the 148-174 or 400-470 MHz bands. The **SINCLAIR MOBILE MIRROR ANTENNAS** defy detection . . . prevent vandalism. Independent tests prove efficiency equal to — or better than a 1/4 wave whip. V. S. W. R. is less than 1.5 to 1 at design frequency.

## SO'S THIS

It looks — and mounts — like a standard B/C radio antenna. Yet it conceals a rugged two-way radio antenna for the 30 to 50, 148-174, or 450-470 MHz bands. Each Sinclair **MIRAGE MOBILE ANTENNA** is tuned to your specific frequency. This exact matching, combined with a 2.5 gain in high band, assures maximum operating efficiency. In the 450 range, the top radiating section of this full length antenna projects above the car roof.

## AND YOUR B/C ANTENNA?

The addition of one of the **SINCLAIR D-236 FAMILY** of broadcast band receiver couplers allows operation of AM, or AM/FM receivers, through the high or low band **MIRAGE** disguised whips, thus **ELIMINATING THE STANDARD B/C WHIP.**

### Losing Whips?

Low-profile heavy-duty "EXCALIBERS"

# "GHOST RIDER"

## THE ONLY COMPLETE BICYCLE SAFETY PROGRAM

Produced with a Provocative Theme

**"RIDE AS IF YOU  
ARE INVISIBLE!"**

NEVER assume you are SEEN  
by other drivers!

**Everything you need to present  
and sustain a complete bicycle  
safety and educational program.**

"Ghost Rider" gives you all the tools  
to capture the attention and imagination  
of the age group responsible for  
the majority of accidents and bicycle  
thefts and a follow-up that rewards  
your efforts by getting outside organi-  
zations involved.

A free sample kit has been reserved for  
your inspection and will be sent to you  
upon request.

# Confidence you can feel!

Mustang grips are something to believe in—something to hold on to. Features like deep contoured finger grooves, contoured palm swells on either side of the grip, and covered back strap all work to put an end to re-positioning your revolver after firing. With Mustangs you grip your revolver once and you've gripped it for good. That's not all. Mustang's new combat design for the law enforcement field is the ultimate in comfort and concealability—there's no bulky flare at the butt and no checkering which tended to wear out coats and shirts. Mustang grips are hand crafted and hand fitted to the frames for which they're designed (most Colt and S&W revolvers). In walnut or rosewood—they look as good as they work. Mustang grips . . . something to believe in.

Write today for free Mustang catalog.

# READY!

Scotchgard

Here's a heavy-action utility riot suit from Sport-caster designed to meet any situation, from dress parade to search-rescue to a full-blown civil disturbance. Impressive in its fashion as well as its function, it offers maximum protection, comfort, wear...and it has big easy-access pockets, non-heat-transfer zippers, snug elastic cuffs and attractive tailoring requested by situation-experienced officers. Concealed leg and torso zippers provide jump-suit entry ease. Special ventilation flaps across the shoulders with elastic insets guarantee freedom of movement and comfort in warm weather or cold. Choose from two fabrics: Fire-retardant PYRA-NYL or fireproof Nomex® Both are strong, highly stain and water-repellant, non-conductive and virtually tear proof. Sizes to fit any officer. With un-sewn free-form waist, equipment belt forms waist to fit individual build. Forest Green or Navy Blue. A uniform to be respected.

**PERMANENT  
MILITARY PRESS  
New Deluxe Tropical  
SHIRT**

**looks, feels like tropical worsted**

Your personal appearance is right up front with the latest styling in a smart, new form fit shirt. The neat, tailored look is aided and abetted by baked-in Military Creases centered vertically through each pocket. It's an all-around look, too, with three creases spaced on the back and a crease on each sleeve. Comes in your choice of two-tone styling or solid colors.

**pays for itself  
in maintenance economy**

You can't iron the crease out—they are baked in to stay. And because the whole shirt is PermaPress, no ironing is necessary—just wash and look neater longer. **BONUS:** new Velcro® closures keep pocket corners from curling.

**and it wears, and wears, and wears**

**COLORS:** Two Tone Styling  
Medium Blue/Midnight Blue trim  
Nickel Gray/Black trim

**COORDINATOR—METROPOLITAN NARCOTICS ENFORCEMENT GROUP**

Position is funded by an LEAA grant to administer an established metropolitan area narcotics enforcement group. The unit is composed of officers of the law enforcement agencies in the Denver metropolitan area.

The coordinator shall be responsible for the continued planning, coordination, operations and fiscal control of the unit.

**QUALIFICATIONS:** At least eight years of experience in law enforcement of which three years must have been in a supervisory or command position.

**SALARY:** \$13,500 to \$15,000 annually, depending on qualifications. Insurance and medical benefits available.

**SELECTION PROCESS:** Finalists will be invited to participate in an oral interview. Selection will be based on the oral presentation, personal resume format, experience, education, training and job knowledge.

**FILING:** Applicants should submit a complete personal history resume, including references, postmarked not later than January 21, 1972.

**MAIL RESUME TO: MEG SELECTION COMMITTEE**
